## Lt. Harlan Inglis' Plane Downed in North Channel

Pilots Men Safely  
Back "On A Lone  
Motor And A..."

Harlan K. "Box" Inglis, pilot of The Thoroughbred, a flying fortress, out of England, was reported to have been on a mission over France recently when his plane was attacked and all motors but one shot out of commission. The remaining motor was damaged and smoking but Inglis attempted to get back to his base. The motor died while crossing the Channel and the entire party had 20 seconds to make their escape from the sinking plane. The men were immediately rescued by the British Coast Guard and in spite of the mean weather conditions, the men suffered no ill effects from the experience.

Inglis has completed 16 successful missions over Europe and upon completion of the 25th, he will be allowed to return to the States for a rest. His flying fortress, "Thoroughbred", was named for the famous Thoroughbred of Murray State College, Inglis' alma mater. He will fly Thoroughbred II on his next mission.

Inglis was a music major in school here and was a member of the Murray High School faculty when he volunteered for the Air Force.

### FIRE DESTROYS HOME OF HARRY JONES THURSDAY

Fire, presumed to have started from an over-heated stove, totally destroyed the house and all contents belonging to Mr. and Mrs. Harry Jones, near Hyland, 14 miles east of Murray, Thursday. The family, consisting of the parents and four young sons, were away working on the farm. The house was falling in when they arrived. No insurance was carried.

## Murray Woman's Club Raised \$1,200 For Red Cross

Members of the Murray Woman's Club have made a successful canvass of the Murray residential section and have raised \$1,200, according to the Red Cross Chairman for the Club, Mrs. A. F. Doran. The club has each year done this type of work but this year's contribution more than doubled the amount raised last year.

S-Sgt. James B. Buchanan was reported missing in action last week when his parents, Mr. and Mrs. John Buchanan, South Third street, received a telegram stating he failed to return from a mission February 25.

## Woodmen Circle National President To Visit Murray

Mrs. Dora Alexander Talley, National President of the Woodmen Circle, Omaha, Nebraska, is to be the guest of the Murray Woodmen Circle Friday night, March 31, at the Woman's Club House, Vine street, for a 7:30 banquet followed by a ritualistic session at which time the local organization will be inspected and graded on points attained.

Mrs. Talley has served the Woodmen Circle as a National Officer since 1931 as National Secretary until 1934 when she was promoted to National President.

The inspiration, the enthusiasm, the devotion and willing labor of Mrs. Talley has contributed largely to the growth of the Woodmen Circle from a very small fraternal organization to a fraternal insurance company for women and girls, doing business in 45 states with a membership of 125,000, with assets of \$38,000,000. The organization has paid more than \$47,000,000 in benefits to its members. It maintains full legal reserve. The Woodmen Circle operates in Sherman, Tex., a home for aged members and orphan children known as the Dora Alexander Talley Home.

Mrs. Talley is a member of the Baptist Church, the O.E.S., the International and National Federation of Business and Professional Women, and the Woman's Club. Her hobbies are amateur photography and the collecting of antiques, particularly early American Glass of which she has a large and interesting collection.

Mrs. Talley's highest purpose is to create greater opportunities for women, to develop leadership in both adults and young people, and to instill the ideals of fraternity in growing children, so that these principles may be an actual factor for good in the community, state, and nation.

## Farm Bureau Makes Donation to Red Cross, Crippled Children's Fund

A special meeting of the Board of Directors of the Calloway County Farm Bureau was held at the County Agricultural office Saturday, March 18, at 2:30 p.m. with President Rudy Hendon presiding. Other directors present were: Murray Ross, H. G. Gingles, Eury Kuykendall, Clyde Phelps, O. S. Wall, R. V. Graham, Elin Dick, Marvin Hill, C. R. Stubblefield and O. V. Tidwell.

County Agent S. V. Foy met with the board and discussed briefly with them the advantages of organized cooperation and a general program of extension workers in the county for 1944.

The directors gave \$50 out of organization funds to the Red Cross War Fund Drive. They pledged cooperation on the drive in their respective communities and further agreed to give to the Red Cross all dues paid in by new members during the remainder of the month of March except that portion which goes to the State Farm Bureau office. The dues are \$5 which is divided equally between the State Farm Bureau office and local organizations.

The board voted to give \$15 to the Kentucky Society for Crippled Children.

The farm labor problem was discussed and the board voted to urge all civic organizations of Murray and all city people to cooperate during the rush seasons of farm work in helping farmers to have the extra labor that will be necessary in the planting, cultivation and harvesting of crops this year.

The board endorsed the contour planting and cultivation practice which is being paid for this year, for the first time, as a part of the A.A.A. farm program. It was pointed out at the meeting that the farmers of Calloway County can earn several thousand dollars, in addition to their regular soil building allowance, and at the same time get started on the practice that will save millions of pounds of valuable top soil and moisture for increased crop yields.

## RED CROSS NEARS GOAL OF \$10,600

\$9,500 Has Been Given  
To Date; Drive Has  
A Week To Go

The Red Cross Drive is nearing the quota of \$10,600 than was expected last week when it was on the drag. Dr. Richmond, chairman, stated today that a total of \$9,500.00 had been raised and he believed that the full quota would be subscribed before March 31. He urged all solicitors to finish their work and asks all those who have Red Cross money turn it in at one of the three county banks.

Dr. Richmond is pleased with the week's response to their work and paid special compliments to the Woman's Club members who made a house to house canvass and raised around \$1,200.00 to boost the amount to near the top of the thermometer standing on the corner of Fourth and Main.

The Navy on the campus of Murray State raised \$344.00. This amount is an increase of \$75.00 over the amount raised by the Navy last year. The school is quite a bit smaller this year than it was last year, and this report is a credit to the school.

The schools in the county are working for this drive and through the "E" award system, they have earned and turned in several hundred dollars.

Special efforts are urged for solicitations Saturday and Fourth Monday.

## Mrs. Joe Baker Presides Over PTA Meet at Paducah

Mrs. Joe Baker, president of the District Parent-Teachers Congress, presided over the 17th annual district spring conference of PTA at Paducah, Tuesday.

## Calloway School Children Earn Money In Odd Ways For Red Cross

School children find many ways to earn money for the Red Cross. Some of the more unique methods employed by Training School pupils follow:

Patsy Marie McKinney, first grade, crawled under the house and got eggs for her mother. Weems Baskins III, second grade, raked leaves, collected tin cans from the neighbors and raked away the unburned garbage.

Rita Lou Parks, fourth grade, ironed pieces for one cent each, and ironed 20 pieces; washed dishes for five cents, and cleaned house for ten cents and mopped the floor for five cents.

Hilda Fay Galloway, fifth grade, helped feed two mules, two cows, one calf and thirty sheep. She also helped mother wash and dry the dishes.

Martha Brown, seventh grade, helped her mother clean the house, wash dishes, iron, and cook dinner.

Onaida West tenth grade, worked in the lunch room, punched tickets and took up money.

Evelyn Jo Workman, twelfth grade, worked in the ten cent store on Saturday.

In the Murray city schools some of the more unique methods employed included raking leaves and odd jobs.

Phil Crawford teaching music lessons. Jerry Williams, taking care of children.

Jo Ann McDaniel bought pup-

ment for 90 cents and sold it for \$1.50. Hugh Eddie Wilson, sacking shucks for feeding cows. Billy Carroll, working on paper route. Joe Pat Smith, carrying off tin cans. Bobby Jo Carson, helping paint wardrobe and furniture. George Ann Upchurch, ushering at picture show. Jean Tucker, making A's on report cards. Jimmie Klapp, gave part of allowance. ## MRS. FLORENCE CHURCHILL MOORE DIES SUDDENLY

### Succumbs Following Heart Attack At Her Home Sunday

Mrs. Florence Churchill Moore, wife of the late C. H. Moore and a beloved matron of this city, died at her home on Poplar street Sunday morning about 7 o'clock, following a heart attack.

Although Mrs. Moore had not been well for some time she had seemed better and had been to town on Saturday afternoon and was preparing to attend Sunday School at the time she was stricken.

Mrs. Moore was well known in this city and county where she was employed as saleslady for different firms before her marriage. She was the daughter of the late Martha Jane and Guthrie Churchill and had spent her entire life in Murray. She was devoted to her family and friends and was a loyal member of the First Christian Church where her funeral services were held Tuesday at 2 p.m. and conducted by the Rev. Joel E. Vause of Leeksville, N. C., and Rev. C. C. Thompson, pastor. Burial was in the City Cemetery.

Mrs. Moore is survived by her sister-in-law, Mrs. Mary Churchill who resided with her. Guthrie Churchill of Maryland and Cud Churchill of Missouri are nephews, and Mrs. Everett Jones, this city, and Mrs. W. H. Murphy of Atlanta, Ga., are nieces.

Funeral services for Eddie Lamb who died Sunday, March 18, at the home of his brother, Toy Lamb, New Concord, were conducted Monday at 2 p.m. from the residence and burial was in Ferguson Cemetery.

### EXPLANATION

Readers that Rex Tabers has been imprisoned at Great Lakes Training Station are unfounded, according to his brother, Bodie Tabers.

Bodie explained that his brother's case is pending, awaiting sufficient evidence that he (Rex) is a conscientious objector, opposing to bear arms, but willing to fulfill all other official duties.

### Robert S. Jones Resigns From Gas Ration Board

Robert S. "Duck" Jones has resigned from the gasoline ration board effective as of March 15. Mr. Jones has served as chairman of this board since October 12, 1942, and has given his time without pay and has made a commendable record. He has been awarded certificates twice in recognition of devotion to our country's need in time of great national peril for voluntary service in successful operation of price control and rationing. The first award was made Nov. 12, 1942, and the last one came January 5, 1944.

Mr. Jones made his resignation to George H. Goodman, head of the price control board for this district. No replacement has been made, according to the local ration board.

Mr. Jones gave no reason for resigning but expressed an interest in the work and stated the record Card today held on the gas and mileage reports shows this county to be well in the boundary required of the ration board. He has given of his time freely and has made decisions fairly. This paper has publicly commended Mr. Jones for his work and for the work of the board.

L. J. Holt and T. Sledd are the two other members of the board.

### Red Cross Picture Is Being Shown at Vaity

The closer I get to the front, the better I found the morale," says Humphrey Bogart, recently returned from entertaining our troops on an extensive tour of the Atlantic fighting fronts.

"Of course the Army itself does a great job in this respect but part of the laurels must go to the Red Cross," he insists.

According to the popular screen star, who for the first time had occasion to see the American Red Cross at work in the field, the organization's accomplishments cannot be praised too highly.

A brief film on this subject, titled "Report from the Front", in which Humphrey Bogart is featured, is starting today at the local theater in conjunction with the National Motion Pictures Theatres Red-Cross Week.

"Report from the Front" will be shown for the entire week, beginning today and continuing through March 29.

The Rex Tabers Auto Body Shop is still open, being operated by his brother, Bodie Tabers.

### High School Girls Raise \$109.00 For Red Cross War Fund

Misses Mary Jane Kennedy and Ann Littleton, popular young high school girls, with Miss Myra Bagwell solicited Red Cross funds on the North side of the square Saturday afternoon and netted \$109.00. They were very attractive in the Red Cross uniform and spent four hours at the job. Miss Bagwell is a member of the Murray Woman's Club and a member of the high school faculty. The young women are the daughters of club members, Mrs. Jack Kennedy and Mrs. J. E. Littleton. They were working for the Murray Woman's Club whose job is to solicit from house-to-house and all other individuals who have been unsolicited.

These young women are to be commended for this fine work.

### County Peach Crop Damaged by Frost

County Agent S. V. Foy has inspected several orchards and finds a heavy damage done by the frost on the night of March 20. However, Mr. Foy says that indications are that a fair crop of fruit will be had, provided no more damage is done.

Over 50 per cent of the blooms are killed, but there are enough blooms and enough buds that are not yet open to insure a fair crop of fruit. Foy also states that more damage from this frost may show up in a few days, as this freeze and frost may cause the fruit to fall off, but he is not of the opinion that the crop will be a total loss from this freeze and frost.

### Hazel Men Attend State Net Tourney

Burford Hurt, principal of Hazel high school, accompanied a group of boys from his school to the State basketball tournament at Lexington and also to the General Assembly at Frankfort last week.

Boys making the trip included Billie Joe Strader, Calvin Key, Dale Grogan, Gene Miller, Gene Dale, O. B. Turnbow, Jr., Fred Paschall, Sonny White, Billie Outland, Tommy Taylor and Joe Tom Foster.

### MISS HOLTON'S SCHOOL HAS HIGH RATING

### Happy Reunion of Brothers and Sister Here Saturday

Two brothers and a sister, separated in early childhood, became acquainted again here Saturday when Pvt. William Thomas Bentley, medical detachment, Camp Rucker, Ala., arrived to join his brother, Samuel Beaman and sister, Mrs. Mary Alice Beaman Luther, the foster children of the late Frank Beaman.

The young people with another sister had been placed in the Lyndon Children's Home when quite young. Mr. and Mrs. Beaman adopted Mary Alice and Samuel Bentley when they were about four and three years old and brought them to their home where they have been for 15 years. Pvt. Bentley was reclaimed by his mother who is Mrs. Mary Frances Crawford and residing at Shelbyville, after three of the children had been adopted. Lately the daughter, now Mrs. H. Truman Luther, wrote the Children's home for information concerning her parents. The mother was notified about the children's whereabouts and she immediately wrote her son, Pvt. Bentley. He took the first pass he had coming and visited his long lost sister and brother.

An older sister is yet to be found. The three children are anxious to visit with their mother and are trying to find the other sister.

Mrs. Luther, who has been married two weeks, is a senior in Lynn Grove High School. Samuel is a member of the high school there, but will be going into service in the summer. Mr. Luther is a senior in Murray State College. Both Mr. and Mrs. Luther are studying to be missionaries. Pvt. Bentley plans to study the Bible when the war is over.

### Browsing Around Frankfort

First course of the General Assembly served. Sounds of oratory fade to the uttermost parts of the Grand Old Commonwealth. They browsed around for the regular term, and now declare that for 50 years passing the Budget Bill at regular session was all wrong; that although they feel they should have a raise in pay, they, as usual, are willing to make further sacrifices for an extra session at the same pay. Well, looking over the membership, it was evident none were subject to draft, but were willing to place themselves upon the altar and sacrifice further time at \$10 per day with all expenses added, with sick leave, for self or relatives. Pastures greening, browsing better. An extra session with the opposite party in power may perform no better.

I have received another nice lot of dress goods and shoes. Come in every time you are in town.

### A Pastor Praises Woodcraft

"Amid the confusion and misfortune which accompany the Grim Reaper, it is comforting to know that the loved one can be laid to rest in a respectful manner and that those left behind will be properly cared for. Fraternism teaches men the importance of human kindness, sympathy and love, to aid one another, and to render relief to those in trouble."

Thus wrote a pastor, praising the protection that Woodmen of the World had provided to bereaved families to whom he had ministered.

The Woodmen of the World offers you legal reserve financial protection for yourself in old age, or for your loved ones, PLUS fraternalism. The Society has paid more than \$385,000,000 in claims, refunds and benefits to members and their beneficiaries.

## Are You Interested In Good Foods?

The new Frozen Food Locker is being installed. This is an opportunity to have fresh, delicious foods throughout the year.

W. H. Brooks, agriculture teacher, has a locker rented and plans to store much of his fruits and vegetables, and meats, in this locker. This will be his first experience with the freezing method, but he believes in it sufficiently to give it a trial.

S. V. Foy, county agent, had been using two lockers at Hickman before coming here. He has rented two in the Murray plant. His idea of food planning for this system is to grow your vegetables and fruits as usual. Take your surplus and freeze it as it matures. In this way he enjoys the fresh foods the year round. He says there is no loss of color, taste, or vitamins when foods are preserved the frozen way.

"Steaks that had been frozen in a locker over a year made the most delicious meats I have ever eaten" was the statement made this week by Postmaster Harry Sledd! Mr. Sledd gardens and cans for his hobby. This year he plans to store his foods in the Frozen Locker instead of canning it in the usual processed way.

Attend the schools that are being held in the county in the interest of storing foods.

### MURRAY MEN, BATTLE-TOUGH, ARRIVE IN ENGLAND FROM AFRICAN CAMPAIGN

HEADQUARTERS, EUROPEAN THEATER OF OPERATIONS—A group of United States Army Engineers, including two Calloway County, Kentucky men, 1st Sgt. James Coleman and Pvt. Joe Sire Morton, toughened by the fire of battle, has arrived in England to help train other Engineer soldiers preparing for the invasion of Western Europe.

In the thick of the North African campaign, from the very beginning, these men saw action at El Guettar, Sedjema Valley, Kasserine Pass, Maknassy and Bizerte.

Much of the time they preceded the main body of infantrymen to which they were attached in order that the path might be cleared for that main body. In Northern Tunisia, especially, lack of roads, difficulty in maintaining adequate supply lines and routes along which heavy artillery could advance made the frequent use of the Engineers on road-building missions necessary.

In one three-week period, for example, these men maintained and repaired 125 miles of roads, constructed 70 miles of new roads (70 per cent of them two strips in width), built two bridges and 17 fords, filled numerous craters and bypasses and cleared away hundreds of mines and UXBs (unexploded bombs).

The Engineers were often called upon to lay aside their mine-detectors and bridge-building apparatus, however, and to weld, grenades, man their guns and fill gaps between major fighting units in the Allied lines.

Coleman is 25 years old and the son of Mrs. Myrtle Coleman, 104 South Tenth street, Murray, Ky. Morton, 25, is the son of the late T. S. Morton, Murray, Ky., Route 1.

Pvt. Joe Windsor, son of Mr. and Mrs. V. E. Windsor, is in training in Ft. Bliss, Texas. He was transferred from Ft. Benjamin Harrison where he was assigned. A letter from him stated the trip took five days and was long and tiresome. He was a

member of the basketball team at Murray State College.

J. B. Erwin is home on leave from the Navy at Great Lakes, Ill.

Pvt. Walter J. Karnes of Camp Gordon Johnson, Fla., has returned to Camp after spending a 15-day furlough with his wife, Mrs. Loretta Fair Karnes, and relatives. While here he was entertained by Mr. and Mrs. Fred Hole, Mr. and Mrs. Herman Clanton, Mr. and Mrs. Jack Trevathan, Mr. and Mrs. Buford Bailey, Mr. and Mrs. Ivan Fair. Pvt. Karnes has finished his basic training as an amphibious engineer.

Pfc. Kenneth K. (Jack) Bailey, is with the field artillery in England where he has been about two months. He likes fine and is having a good time seeing interesting places. He has spent the night in a castle that was dated 1600 and has visited important places in Liverpool. He volunteered for service in Kitchen duty and is serving four officers three meals a day. He has seen no one from home but has written for the addresses of some of the Murray men who are in England. He is the son of Mr. and Mrs. E. C. Bailey. His wife is the former Miss Thelma Riley.

A letter from Roy Leslie, the foster son of Moses Spann, who is overseas, has written a letter to his pastor, D. W. Billington and made interesting comments. His wife is the daughter of Harvey Parker of the Penny community. His young son was born since the father left. Roy is thought to be in Italy.

Dear Pastor: Just a line to let you know that I am well. . . How are you and the others at Scott's Grove? I received your Christmas card and one from Mr. and Mrs. John Melugin. I was glad to hear from you. I hear from Papa and the girls often. I am wondering if you have seen my little boy. They say he is quite a fellow. I surely would like to see him and my dear wife.

I hear that quite a few of the boys and girls at the church are getting married. I wish them the best of luck and the Lord's blessings. I want you and the rest of your good people to pray for me and my family that we may live the life He would have us live.

Answer when you can.

Your friend,  
Roy Leslie

Cpl. John E. Outland has written his wife and parents, Mr. and Mrs. J. W. Outland that he is on the East Coast and is expecting to be sent out soon. His wife, the former Dorothy Nell Stark, and baby Sharon returned from his camp a few days ago. Cpl. Outland has requested that the Ledger and Times follow him to his new station.

Pvt. Mason McClure, son of Mr. and Mrs. Odie McClure, has reached his overseas destination, according to a letter received by his parents this week. Pvt. McClure has several relatives in the armed forces. Among them are Pfc. Bernice Wisheart, army; Rainy Lovins, navy; Sgt. Gilmer McClure, Cpl. Grayson McClure, army; J. D. McClure, Orville McClure, navy; and Orville McClure, army. Both of the Orville McClures were

### LT. GENE L. DULANEY

Student Officer, Air Field

Lt. Gene L. Dulaney, was commissioned at Ft. Knox, July, 1943. He is a student officer at San Angelo Army Air Field, San Angelo, Tex. He is the son of Mrs. Jim Dulaney, 806 Olive street, Murray. He was with the 12th Armored Division at Camp Campbell and on maneuvers near Lebanon, Tenn., before entering the air service in November. Gene is well known here where he attended school and has visited on furlough. His mother is in San Angelo, Tex., visiting her son while he is in training there.

named for their Uncle Fred McClure who served in World War I. Cpl. Louis Mitchell, army; Kynals and Floyd McClure are also in the service. All these young men are closely related.

James Euel Jones, S/2c, is home from his boot training at Great Lakes. He will report there for a new assignment March 31. He is the son of E. P. Jones, 305 N. 6th Street. His wife, the former Trillie Williams, and two children, Billie and Max, reside on S. 15th Street. He was in this office this week and looked very nice in his Navy uniform.

Mr. and Mrs. R. L. Williams, North Sixth street, have had a letter from their son, Sidney who sailed February 3. He has been in the service for nearly two years. He is a graduate of Murray High and attended Murray State. His brother, Pfc. Clayton Williams is expecting to be sent out from the East Coast. It is good to have such news as Sidney writes:

"Dearest Mom, Dad and M.W.: "Hope you haven't been worried because you haven't heard from me for awhile. We couldn't write during the trip. There's no need for worry for I'm as safe here as in the States.

"In Australia and the camp is set up in a race track. We live in tents and it reminds me very much of bivouacs at Stinson. I've seen of the place, so far, looks O.K. but haven't been able to go out of camp. It's very hot during the day but there's a good breeze blowing. The nights are perfect. We received our first mail yesterday and I had letters from Mildred, Frankie, Isabella West (nurse that lived with G. A. and Harry) and a valentine from Annie Mae.

"From now on when you write send letters by V-mail for Air Mail is not guaranteed to come by air from the States and it may take four or five weeks for it to arrive. If you have more than one page to write, continue it on another V-Mail. Write an air mail occasionally thought for it will be nice to receive a regular letter.

"The trip over was nice all but the first two days. Was I sick! We lay over in the harbor one night before leaving the States and I was wishing for a sailor's life, but after a short time on the water, I'd-willed all of my part of the Navy to Clayton. It was funny after it was all over I couldn't eat a bite until the third day then I couldn't get enough.

"We have had our money changed for Australian money and I feel like a school kid trying to

get things straight. It's a different system—they use pence, shillings, pounds and such.

"We went to our first movie the other night and was I let down. It was an old Western with a Betty Boop cartoon that was as old as the hills. The only thing I enjoyed was the Community singing. That sounded good for everyone seemed to be in a singing mood. You should have heard them sing "California, Here I Come".

"Hope this finds all in the best of health and spirits. Don't worry at all for I'm fine and the best of spirits.

"All my love,  
Sid"

Trellis Douglas is home on furlough and will be re-assigned. He has been with Raphael Jones in the Alleghenies.

Sgt. James H. Blalock has arrived safely overseas, according to a cable received last week by his wife, the former Miss Margaret Purdon. Sgt. Blalock graduated from Concord High School and was a senior at MSTC prior to his induction into the service in March, 1942. On completion of his basic training he was sent to Letterman Hospital, San Francisco, where he successfully completed training as a Surgical Technician. Shortly after that he was transferred from surgery to communications in the Medical Corps and was trained as a Radio Operator at Camp Cooke, Calif. Sgt. Blalock is the son of Mrs. Essie Blalock and the late Dr. E. R. Blalock of this county.

Marberry Cain, a former Murray man, is home again after experiences in the African Campaign that caused him many months treatment in a veterans hospital in the States. He received leg wounds, body and facial injuries that have required long and intensive treatments. It is reported that he was married March 6 to a girl from Georgia.

He has been awarded a medical discharge, but will return to a hospital for further treatment, according to reports.

Sgt. Haldon Crawford Hanley, who has been in the service since February 10, 1941, is in Italy. It is believed by his parents Mr. and Mrs. Ernest Hanley of Murray, Route 2. He writes home to his folks and is interested in hearing from the happenings here. He hasn't had a visit home since his induction. A very interesting letter dated on January 20 and another February 20, is quoted:

"The weather is nice here and there has been no sickness. Your speaking of me and the Arab made me think to tell about visiting a British gun crew. They took plenty of patience to tell me about the gun. What British I have talked with are polite and well informed. Am listening to a German propaganda station while I write this. They have about run out of explanations by the way things are happening.

"Some of my mail must have been lost for Kenneth said it had been a long time since he heard from me. I am as safe as I have ever been since we came across. The first chance you get subscribe to one of the county papers and have it sent to me. I want to keep up with the political and school doings and such. According to the way Dad and Ben did with their tobacco, some of the master farmers like Roy Jones must have made a small fortune. Imagine Herman is in the Pacific Area for Kenneth said Curt was. Kenneth told me he failed the army phy-

### SON OF MURRAYANS

Capt. William F. Mellen

William F. Mellen has recently been promoted to the rank of captain, according to word received by his father-in-law, Mr. R. I. Bashford, of the Kentucky Ordnance Works, Paducah, and his parents, Mr. and Mrs. F. D. Mellen, of Murray.

Captain Mellen is a graduate of the Murray High School, a former student in Murray State College, for a year was instructor in the Army School of California Institute of Technology, and is now meteorologist for a Bombardment Group in England.

Robert Ward, military police and stationed at Camp Knox, has been visiting with his mother, Mrs. Nellie Ward, for several days. He returned to his post Wednesday night.

Cpl. Charles Hayden Marine, son of Mr. and Mrs. Clay Marine, Route 1, Kirksey, is in the infantry and located at Ft. Leonard Wood, Mo. He was at home on a two-day pass this month.

Sgt. Sarah Hargis of the WACS has moved from Daytona Beach, Fla., to Camp Butler, N. C.

Owen Billington, U.S.N., Great Lakes Training Station, has completed his boot training and is home with his family for a furlough. He will report to the Training station for further assignment March 31.

Billington stated that he liked the Navy and had no complaints. He has been made pharmacist's

mate 3-c. He is a graduate of Murray State College, a former teacher and served as acting county school superintendent for a while. He is a member of the Stokes - Billington automobile firm here and a well known and popular young man.

His wife, the former Miss Elvie McDaniel and children, Orry Glenn, Mary Evelyn, and Martha Lou, will continue to reside at their home place on the North highway.

### BOYCE LIGON WRITES REV. BILLINGTON FROM S. PACIFIC

Boyce Ligon, a former member of the congregation of the Rev. D. W. Billington, North Seventh street, has written to his former pastor. The letter is quoted. It concerns news about the boys overseas and their prayers for us and them:

March 9, 1944  
Dear Bro. and Mrs. Billington: I received a letter from you a few days ago. You can imagine how dark and dreary some of the days are over here so far away from my loved ones and friends. O, how thankful I am that we have a true and living God that is with us when we trust Him. I believe that God will take care of me and carry me back home if it is His will.

We don't have a chaplain in this outfit. I went to church Sunday night. The chaplain was friendly and made a nice talk. I am not bragging on myself but I guess I am the only one that is trying to live a Christian life. If any of them are saved, you can't tell it. But they respect me and I appreciate that. They say that I am the chaplain and a lot of them call me Chaplain.

Mother told me that Owen had to go into the service. I was sorry to hear that. She said he had three children. How many grandchildren do you have? I have a little niece. She was born December 2.

I am glad that Owen is in the Navy. I think the Navy is the best branch of service. The Navy boys get more to eat and from what I have seen of the Navy the men don't work as hard.

The Missionaries have done a good job teaching the natives on these islands. I have met about five native preachers and they know the Bible and were not ashamed of it. Almost every native I have seen knows the Bible. I have seen lots of natives pitifully crippled. Some of them were little children and some were old people.

There are lots of wild hogs here. I think of you real often and

Cpl. Charles R. Ross, formerly of Kirksey, has been advanced to the grade of Sergeant in the AAF. Sgt. Ross has been in the ser-

vice since November 11, 1942, and is stationed at present at Army Air Base, Salinas, California. He is the son of Mr. and Mrs. C. L. (Less) Ross of Kirksey.

Herman Casey, 65th Division, Camp Shelby, Miss., has been promoted to Corporal. Cpl. Ellis is the son of Mrs. Leslie Ellis of Murray and a brother to Lt. Frank R. Ellis, Thomasville, Ga., and Capt. Leslie H. Ellis of Camp Forrest, Tenn. His wife is the former Miss Josephine Harmon of Murray.

Our job is to furnish pleasant transportation to both civilian and military personnel. We are happy in giving the best service we have to offer. Every courtesy is shown our travelers.

Our experiences show that the military men and women have week-ends for trips home—for getting away from the grind of the week. It's a chance to refresh themselves and report with renewed determination to give the best service.

Military personnel is on the move . . . They must come first . . . That week-end trip may be the first one back home . . . It may be the last . . . It means all to them and to the folks back home.

Civilians can find greater comfort in week-day traveling. They will find they are not robbing soldiers of their deserved transportation.

Travel with light luggage. Make the trip a pleasant one by riding the bus in mid-week days.

Save those precious week-end days for the service men and women!

### MRS. HART SPEAKS AT A. A. U. W. MEETING

Mrs. George Hart was the speaker at the regular meeting of the American Association of University Women which was held on March 14 at the college library. Mrs. Hart's subject, "The Economic and Legal Status of Women," was presented in a most interesting and informative manner. She discussed discriminations against women in the past and present, and indicated what women could achieve in the future through organized activities.

A news release from the national A. A. U. W. states that the organization has gone on record as favoring drafting of women for the women's branches of military services. The association is sending a report on this subject to the Secretary of War and Secretary of the Navy, and to the chairman of the Senate, and of the House Military Affairs

committee, outlining points which call for study with regard to the possible drafting of women and various safeguards and exemptions which should be provided in case women are drafted. The national association took this step after individual chapters throughout the country had been given an opportunity for expression on the matter.

### ST. PATRICK'S DAY PARTY GIVEN AT CLUB HOUSE

A long-to-be-remembered occasion for members of the younger set was the St. Patrick's Day party which was given at the Woman's Club house on Friday evening by Miss Joanne Butterworth, Miss Carolyn Carter, Joe Butterworth, Pat Baker and John Mac Carter. Clever invitations were written on shamrocks with the hosts' names and read as follows:

"Come and dine at seven. Play and dance till eleven. Club House, we'll say. On St. Patrick's Day."

The club house was decorated in a color scheme of green and yellow with shamrocks lending the Irish note. Supper was served buffet style from a beautifully appointed table covered with cloths in the St. Patrick motif and centered with bowls of jonquils. Games and dancing were enjoyed throughout the evening.

About seventy young people enjoyed the delightful hospitality.

### BIRTHDAY DINNER GIVEN AT CLOY'S HOME MARCH 14

Those celebrating birthdays in the home of Mr. and Mrs. Charlie Cloy last Tuesday, March 14, were Mrs. A. L. Bazzell, Mrs. Henry Black and Mrs. Charlie Cloy. Those present for the occasion were Mr. and Mrs. Lewis Lamb, Joe Myers, Hannele, Mrs. Effie Garland, Mrs. Ethel Darnell, Mrs. Ester Smith, Mr. and Mrs. Henry Black, Mr. and Mrs. A. L. Bazzell, and Mr. and Mrs. Charlie Cloy.

### MT. HEBRON SOCIETY MEETS WEDNESDAY

The Mt. Hebron Women's Society of Christian Service met at the church Wednesday afternoon, March 15, with 10 members present.

Mrs. B. F. Guthrie, president, was in charge of the program. Dedication week was explained by Mrs. E. H. Smith. "What Shall It Profit?" was discussed by Mrs. Newell Doones. A very interesting report of Prophet of Isaiah was given by Mrs. Brooks Doones.

The next meeting of the society will be held April 12. "Resurrection" will be the subject discussed by Mrs. Mary Hendrick.

### KIRKSEY W.S.C.S. MEETS WITH MRS. EDNA SWIFT

The Woman's Society of Christian Service met Saturday afternoon with Mrs. Edna Swift. The program follows:

The meeting opened with song and prayer; devotion, Mrs. Blankenship; Mrs. Hazel Esell was program leader for the afternoon, her subject being "New Voices." She spoke on things of our home and church and our boys that are gone. Miss Crystal Palmer, president, conducted a short business session.

Delicious refreshments were served.

Those present and sending gifts were Mrs. Lucy Collins; Mrs. Buford Rogers, Mrs. Paul Lee, Mrs. Will Belcher, Bro. and Mrs. I. W. ## COLLEGE TO HAVE "WORKSHOP" FOR HELPING TEACHERS

Nine hours of college credit may be obtained by attending the "Workshop for Helping Teachers" at Murray State College from April 26 to June 2. Dr. James H. Richmond, president, announced today.

Working with the State Department of Education and the General Education Board, the four state colleges and the state university are conducting these workshops this spring in an effort to assist in the educational program of the state. Each school system in county and city is asked to send one or more representatives (supervisors or "helping teachers") to one of the workshops for training.

Members of the various college staffs, supplemented by specialists will conduct the courses.

Also on April 26-June 2, a concurrent program of mid-term courses is being offered by the college. President Richmond also announced. This program will be available to regular students, high school graduates, teachers desiring special training. Nine hours credit may be earned. Special courses are being scheduled for the benefit of students who may enroll for the mid-term.

The regular spring quarter begins with registration on March 20. The term officially closes on June 2.

## PROMOTE UNRATED FOODS

To increase the consumption of unrated foods, the Retail and Wholesale Food Distributing trade and the restaurant and hotel industry are conducting a campaign that will reach its peak during March and April. Foods to be specially emphasized are oranges, potatoes, eggs, breakfast cereals, enriched bread, soy flour and grits, mararoni, spaghetti, egg noodles, crackers, orange and grapefruit marmalade, peanut butter, and coffee.

## Storage of Food By Freezing To Be Topic at Meetings

The food production and conservation meetings to be held during the week beginning Monday, March 20, will have as the topic for discussion, "The Conservation of Food Products Through the Frozen Food Locker System."

Harry Miller, manager of the Calloway County Frozen Food Locker, will lead the discussions. He will tell how food is to be prepared for storage in the lockers. The best varieties of fruits and vegetables for storage by this method will be given.

All persons who expect to grow food crops for storage should attend these meetings. Problems of producing these food crops will be handled by Mr. Carman and Mr. Howton. The place and time of the meetings for this week are:

Pottertown, Monday, March 20, at 3:00 p.m.  
Murray High School, Tuesday, March 21, at 3 p.m.  
Loquat Grove, Tuesday, March 21, at 7:30 p.m.  
College Library, room 101, Wednesday, March 22, at 3 p.m.  
Martin's Chapel, Wednesday, March 22, at 7:30 o'clock.  
Training School, Thursday, March 23, at 3 p.m.  
L. Robertson Store, 520 South Fourth street, Thursday, March 23, at 7:30 p.m.

In the above photograph are pictured some of the best registered Jersey cattle in Western Kentucky now owned by the Murray State College Farm.

In the foreground can be seen the spacious dairy barn and milk house, while in the background is a huge silo where part of the winter's supply of feed is stored.

In addition to having this good herd of cattle, various other animal enterprises are carried on at the college farm such as swine, poultry, sheep, and workstock.

This year the farm, under the supervision of Prof. A. Carman, head of the agriculture department, plans to expand its cropping system. This is done in order that more feed as well as more food for the United States and the allies may be produced.

There will be an increase of corn, tobacco, potatoes, sweet potatoes, greens, tomatoes, and other garden products in 1944. There will be a decrease, however, in the pasture and hay that is produced.

The original tract of 134 acres has now been expanded by additional purchases to 319 acres.

## Kentucky Clothes For Russia Drive Set for April 6

Mrs. James Wheeler has been appointed district chairman for this area in the Kentucky Clothes for Russia Drive, in which every Kentucky school child will have a chance to share warm clothing with war-depleted Russian allies, it was announced yesterday by Mrs. Mark F. Ethridge, Louisville Chairman of the campaign.

The district chairman will appoint a clothing committee for every county in the district, to rally children and parents to the clothes collection in each school April 6.

Each school child is asked to collect from home, and bring to his school on April 6 at least five pounds of warm clothing and a pair of shoes.

Honorary chairmen serving with Mrs. Ethridge are John F. Williams, state superintendent of Public Instruction, and Mrs. Tuttle Lockwood, Paducah, president of the Kentucky Congress of Parents and Teachers. Ashby Milligan is treasurer of the state Clothes for Russia drive organization.

Mr. Williams is sending a letter to each school superintendent and principal in Kentucky, asking co-

## To Whole Milk and Cream Producers

Dairy Feed Payments are being made on February sales of cream and whole milk.

We are not authorized to pay on January sales as they were to be paid in February. We hope that we will get instructions to pick up January sales and pay on them.

We will try to keep the producers informed through the county papers as soon as we receive instructions.

Q. D. Wilson.

## Corn Land Requires Lots of Fertilizer

The use of plenty of fertilizer for corn pays during periods of high grain prices, says a new leaflet published by the Kentucky College of Agriculture and Home Economics in the interests of boosting corn production. Here is what it says about the use of fertilizers:

On well-manured, highly fertile soil, use 200 pounds or more of 20 per cent superphosphate to the acre.

operation in rallying Kentucky children to the aid of Russian allies. Mrs. Lockwood has summoned all Parent-Teacher associations in the state to their part to make the drive a success.

## Perdue Predicts Fruit Crop Safe

W. D. Perdue, successful fruit grower and farmer of the west side of the county was in this office Saturday and stated that the prospects for a good fruit crop were good. He says the peaches are blooming well and the indications are there will be much fruit. He remembers that last year April 14, a frost killed much of the fruit.

Mr. Perdue is a versatile farmer. He raises tobacco, corn, and vegetables and much livestock as well as a nice crop of fruits. Last year he sold 225 bushels of peaches from his trees that represented about half a crop. He has 150 peach trees and 450 apple trees.

Many accidents can be traced directly to carelessness and the majority of them could have been prevented.

## FIGHTING PARTNERS

The boy in the tank and the man on the tractor are partners—fighting partners—in this war for Freedom! We on the home front must furnish the food (16,000,000 more acres of it than last year's record total), to supply our boys with what they need for Victory.

With farm labor short, every piece of farm machinery must be kept in the fields working, in fighting-trim, and not in the shed for repairs. Rust, dirt and wear must be prevented.

In this More Food

Production fight, your Standard Oil man is also a fighting partner. He is helping the Southern farmer keep his trucks, tractors and machinery fighting-fit by giving helpful service and advice on farm machinery maintenance and making dependable fuels and lubricants available everywhere.

Always anxious to serve, your Standard Oil man can certainly render you extra service now. Ask him for a free copy of his 64-page "War-time Maintenance Manual."

## We Know a Man

Past 60 years of age who is milking 14 cows and is planning to grow an average size acreage of tobacco and enough corn and hay to feed these cows and all of his other livestock.

He told us his neighbors said he couldn't do it but that he was going to show them, and that he didn't figure this would be any harder on him than what "the boys" were going through. We believe he will do it!

Can't you increase your herd this year? Finances can be arranged if you desire, to buy another cow or two.

### RED CROSS WORKERS WORK

The Red Cross Drive that is nearing the end has been one that required the work and interests of a lot of persons. Adults and children alike worked at this drive and the response in money proved they had worked in sunshine and in rain, on cold days and in spring weather. The school children have worked according to their ability and have earned the Red Cross "E" awards. The daughters of the Murray Woman's Club members have set up booths on the streets and raised a generous figure. Business men have taken their time and made special trips in the interest of donations.

This all proves that we at home are backing the soldiers in our efforts to do our part on the home front. Soldier friends, you are in uniform and working hard. You are away from your home and loved ones. We want you to know that such drives as the Red Cross War Fund is being met by us here. We are directing letters to the Editor, or Public Voice items which in our opinion is not for the best interest of our readers.

The weather is never too bad, and we are never too tired, to serve when we are called. When the war is over, we want to be sure that we can truthfully say, "We have served here at home in every way that was required of us by our country."

### AFTER THE WAR—WHAT?

We do right to pray that war may speedily end and a just and righteous enduring peace be established. But do you not feel a little afraid of the hour of victory? I do. I feel afraid lest there go up from mankind that vast sigh of relief followed by complacency and the sleep of the sluggish. I remember so clearly the end of the last war.

The whole nation was exhausted spiritually, emotionally, physically, financially, and we sat back and let things happen through sheer inertia. Men had fought and died for the lovely things. If we had acted as we ought to have acted they might have been established, but having won the war, we lost the peace. We betrayed the dead. We were revengeful when we should have been creative; selfish when a new kind of sacrifice was more necessary than the giving of life itself. The sky was red and we dreamed it was dawn, but it was sunset to the dreams of God. We were so relieved that the long strain of war was at an end that we did not realize that the moment of victory was the moment of a new beginning of opportunities that had never come before. —Leslie D. Weatherhead, minister, The City Temple, London.

### CLOSING STORES ON THURSDAYS

A number of business men have been working on the idea of furthering the food production project, and have been seeing all business houses concerning the idea of closing stores in Murray on Thursday afternoons.

This idea is not new. Other towns closed all day on Thursdays last summer and the business men and employees used the time for gardening, helping neighbors with their crops and gardens, and had a few minutes to devote to themselves. Murray closed Thursday afternoons last year and the idea proved to be popular.

Such an arrangement would benefit everyone, including the business men, women, and farmers. If all stores and business houses close, then all will share time off and profits alike. If a few stay open on the agreed date, it will work a hardship on all concerned. Gasoline is scarce and people will not be driving to town so many times as has been the custom. Traders will select certain days to come in to do the family buying and marketing. It might be necessary for certain businesses to remain open all the time. In this case, it would be a nice arrangement if such places could alternate in taking off and staying open—if one store would remain open while the others closed. The next Thursday, another remain open while others closed. Such an arrangement would accommodate necessary buying on that date, and give needed freedom from the tension of today's strain.

Our government is urging that we promote the "Food Fights for Freedom" program. Spending one day per week on this project would be cooperating in this problem.

**GOD IS THERE**  
 Where is God today when armies clash in deadly battle? God is where mercy binds around; God is where sympathy stoops to share the awful burden; God is where grief sheds a tear and a little song of hope and love is at the heart of the battle's hell. God, I'm sure, is where tired, brave, bewildered lads lie down to die with forgiveness in their hearts. Aye, wherever the cross is, God is there, hanging upon it. —William Henry Boddy.

### ADVANCE RELEASE Office Of War Information

**Longer Periods For Food Stamps**  
 Under the ration token plan, three red (meat-fats) 10-point stamps become good every two weeks, on Sundays, and five blue (processed fruits-vegetables) 10-point stamps become good on the first day of each month. To reduce last minute rush buying just before stamps run out, the Office of Price Administration increased the period for which stamps may be used. Thus, the 60 red points and 50 blue points the period for which stamps may be used at any time during a period of from 10 to 12 weeks.

**Changes In Gasoline Rules**  
 Beginning April 1, the gasoline "R" gasoline coupon for non-highway users will be good for purchases at "authorized" filling stations, as well as for gasoline purchased at bulk plants or delivered to private storage tanks. OPA announces. The "A" ration for motorists is now two gallons weekly in all parts of the country. On the Pacific Coast, the "B" ration has been cut out from 400 to 300 miles a month.

**Civilian Food Supply Favorable**  
 The civilian food supply for the next few months appears to be more abundant than for the same period last year, the Department of Agriculture reports. Potatoes and cabbage head the list of really abundant foods over most of the country. Other products include, eggplants, beans, spinach, peanut butter, shell eggs, grapefruit and small oranges, frozen baked beans, citrus marmalade, "lard" canned green beans, waxed beans, frozen vegetables, and canned peas and tomatoes.

**Deferments To Be More Exact**  
 Occupational deferments must be more exacting. Deferments with registrants under the age of 26, in order to meet calls of the armed forces, the Director of Selective Service has notified local boards. The combined strength of our armed forces has been fixed at 11,500,000 by July 1, 1944, and as of February 1, some 9,352,000 had entered military service.

**Evacuees On Leave**  
 More than 12,000 of the 122,000 people of Japanese ancestry evacuated to "relocation" centers from the West Coast two years ago have been granted temporary leave to establish homes outside the zone. The War Relocation Authority announced. Between 2,000 and 3,000 others are on seasonal leave, mainly as farm workers. Fully two-thirds of the evacuees have been born in America, and 72 per cent have never seen Japan. Both citizens and aliens are carefully screened before permission is given to relocate.

**Grow More Greens In '44**  
 Home gardeners should plan to grow more fresh greens over a long season and can less, food specialists of the U. S. Department of Agriculture suggest. The housewife who puts up a big batch of greens in the spring for year-round use when she could have fresh greens from the garden makes herself extra work and serves less appetizing food.

**Farm And Garden Speakers**  
 Town and city groups—victory garden clubs, farm labor committees, schools, and other groups—desiring farm or garden speakers at their meetings should give their requests to the county agricultural agent, the War Food Administration advises. The best time for such meetings is during "Grow More In '44" week, scheduled in most sections for April 2-8, before farmers get busy with the start of planting season, he suggested.

**ROUND-UP**  
 Salad oil spread on the surface of farm-furrowed ham will delay development of surface mold for several weeks, the Department of Agriculture says. WFA has requisitioned 64 million pounds of black pepper from importers and holders to supply U. S. requirements and commitments until about 1946. Power production in 30 Bureau of Reclamation Power Plants has increased 275 per cent since Pearl Harbor, according to the Department of the Interior.

**Kidneys Must Work Well**  
 For You To Feel Well  
 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.  
 Burning, stinging or too frequent urination, backache, dizziness, rheumatic pains, getting up at night, swelling, "water on the face" and other symptoms are warning signs that the kidneys are not doing their job. They are the filters of the blood. They contain nothing harmful. They are the filters of the blood. They contain nothing harmful. They are the filters of the blood. They contain nothing harmful.

### OUR DEMOCRACY AMERICAN COAL—INDISPENSABLE TO ALLIED VICTORY.

It takes coal to make sulfa drugs, high explosives, war plastics, hundreds of war necessities... it takes 35,000 tons of coal to make the steel for one battleship.

This winter, we can save millions of tons of coal for our war effort by taking simple measures—by heat-sealing our homes, keeping window shades drawn at night, reducing temperature, using less electricity.

**Wife Tells All**  
 If memory fails us not, we have seen letters similar to this one, but this specimen seems to have new and good points. This one ran in the Letters to the Editor column of the Silver City Daily Press and went as follows:  
 "My husband was indicted into the surface long months ago and since he was gone. Please send me my clothing as I have a four months old baby and he is my only support and I need him every day to buy food and keep us enclosed.  
 "I am a poor woman and all I have is at the front. Both sides of my parents are very old and I can't suspect anything from them. As my Mother has been in bed 13 years with one Doctor and won't take another. My husband is in charge of a spittoon. Do I get more than I am going to get.  
 "Please send me a letter and tell me if my husband made an application for a wife and child and please send me a wife form to fill out.  
 "I have already wrote Mr. Roosevelt and got no answer and if I don't hear from you I will write Uncle Sam about you and him."

### Murrayans Attend Hospital Council

The West Kentucky Hospital Council held its regular monthly meeting on March 8 at the Union County Hospital, Morganfield, Ky. The following members were in attendance:  
 James H. Nagel, Miss Josephine Lynch, R.N., Miss Neva R. Pew, R.N., Miss Rhoda Carroll, R.N., Fred Barber, S. A. Rusker, Mrs. Ethel Isaman, S. A. Bailey.

Subjects under discussion dealt with problems essential to the progress of the hospitals, and the communities which they serve. The regular meeting for the month of April will be postponed until May, due to the fact that the Kentucky Hospital Association meets in Louisville the latter part of April.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your rough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion, which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your doctor to sell you a bottle of Creomulsion with the understanding that you must take it way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. ## Lesson for March 26

## THE SACREDNESS OF LIFE (TEMPERANCE LESSON)

**LESSON TEXT:** Gen. 1:27, 28; Matt. 12:11, 12; Rom. 14:19-21; 1 Cor. 6:19, 20.  
**GOLDEN TEXT:** Know ye not that your body is the temple of the Holy Spirit—1 Corinthians 6:19.

A high and ennobling concept of the value of human life is an important element in Christian thought. The Word of God always regards human life as sacred—a gift of God to be used for His glory, never to be exploited for gain or destroyed at will.

The important truth needs constant reiteration in a social order which is so shortsighted and sinful that it will permit the destruction of man through the sale and use of alcoholic beverages. The lesson has a real application to the liquor problem.

## I. God Honored Man (Gen. 1:27, 28).

It should be of primary interest and concern to discover what the Maker and Lord thinks of His creation, man. He knows what is in man and if we learn of Him we may come to evaluate man aright. It is well to note first that when God made man, He made him in His own image (v. 27).

The teaching of Scripture makes it clear that this image was not anything material or physical, but rather a likeness of personality. As God is a personal, moral, intelligent Being, so is man.

How tragic then that man will not only reject that grace, but will subject his God-given personality to the destructive influence of alcohol.

Not only did God make man in His image, but:

2. He Gave Him Power and Authority (v. 28).

This is the very thing man is seeking, and here we learn that the only One who had a right to give it—God Himself—bestowed it upon man. Having dominion over the entire earth, man is in a place of responsibility, not only for his own moral choices, but for the welfare of others. Think that over as it relates to the ever-growing liquor problem.

## II. Man Should Honor Man (Matt. 12:11, 12; Rom. 14:19-21).

Since God has such a high regard for man, it is clear that we ought to have real respect for our fellow man. "Man's inhumanity to man" is often declared to be the world's greatest difficulty. It would not be so if God's Word were obeyed. Man would learn that—

1. He Should Recognize His Fellow Man's Value (Matt. 12:11, 12).

Property values are so well to the front in the thinking of all, that it requires no argument to convince anyone that a sheep that has fallen into a pit should be rescued. But the sad thing is that the man who would run for help to rescue a sheep in that predicament will hardly cast an interested glance at the drunk in the gutter, or lose a few minutes sleep over the girls who are going to hell by way of our countless taverns.

The plain fact is that we do not regard a man as of more value than a sheep. Many a neighborhood has been stirred to angry rebellion over the poisoning of a pet dog, but will let the liquor dealer poison men and women—all for a small license fee.

The man who loves his fellow man knows that—

2. He Should Sacrifice for His Fellow Man's Good (Rom. 14:19-21).

Paul here states a high principle of Christian conduct. He makes clear that man is his brother's keeper and must do nothing which will tempt his brother to do that which will harm him.

## III. Man Should Honor Himself (1 Cor. 6:19, 20).

Man is told not to think more highly of himself than he ought to think (Rom. 12:3), and that is good counsel. But at the same time he ought to think as highly of his own being as God does. He should recognize that—

1. His Body Is the Temple of the Holy Spirit (v. 19).

The Bible teaches that the moment a man believes in Christ his body becomes the dwelling place of the Holy Spirit. That means that he must never take that body in any place (such as a tavern) to do anything or partake of anything (like intoxicants) which would dishonor the Holy Spirit of God.

2. He Belongs to God (v. 20).

Men have been given a free will by God. He has given them the right of self-determination. That does not abrogate God's right to man's devotion and love. The fact that we are free to choose should make us the more determined that the right choice should be made—that we shall glorify God in our bodies, which are His. Does it take even a moment's thought to tell us that the violation of that body (and every bit of scientific evidence proves it to be a violation) by the use of alcohol is not only disobedient, but sinful rebellion against God.

## Annual Gunter's Flat Reunion Scheduled For Thurs. June 29

At the Gunter's Flat Reunion held in the Murray Park on June 24, 1943, it was decided to hold another at the same place on June 29, 1944. The committee that served last year was asked to serve again this year. Charley Wilson, Burnard Scruggs, and Maurice Bucy composed that committee.

All persons who went to Gunter's Flat School 40 years ago or more will be included this time. Make a note of this, and write to all of your relatives who may not see this paper and give them the news that we are meeting again on the above date.

The Reunion last year included only those who attended school at Gunter's Flat 50 years ago. At that time there were 75 of them living, and 30 of them were present. Since that time two or more (Nan Taylor, Jack Clanton) have passed on. Maybe others that we do not know of.

Each and all are asked to bring a basket lunch, and let's have another good day together. All others who come will find a warm welcome. Remember the date— or clip this.

**Committee:**

Burnard Scruggs  
Maurice Bucy

## Their Needs Over There May Delay Your Getting Telephone Service Over Here

Telephone Switchboard in Dugout in New Guinea —U. S. Army Signal Corps Photo

Here at home we have restrictions on telephone service, so that our men at the front may have what they need in telephone equipment.

BECAUSE metals and other communication materials are so badly needed in war, it is becoming more and more difficult for the telephone company to fill service requests. In fact, facilities are now insufficient to meet the demands for service. So unless you qualify as an essential user—one whose telephone usage is essential to defense or public health, welfare or security—we regret that you may experience delay in getting service.

When facilities are available, they must be employed first for essential users. Then, from any facilities remaining, others will be served in their regular order. We will be glad to take your application for service, but a reasonable time may be required to determine if service can be furnished.

Everything possible is being done to lessen the effect of wartime restrictions on telephone service. And we look forward to the time when materials will be available, and we can again furnish the service you want when you want it.

## A soldier in training camp can't shoot a Jap

No, a soldier in training camp can't shoot a Jap any more than cotton in a Georgia field can bind shrapnel wounds, or than a fat pig on an Alabama farm can nourish a Marine in the South Pacific, or than shoes in a Nashville factory can march along Berlin cobblestones.

Before they can perform their ultimate services, the soldier, the cotton, the pig, the shoes... virtually everybody and everything, for that matter... must be moved, usually several times and primarily, you'll note, by railroad.

The phrase, "The Railroad Industry," is really a misnomer... for railroads are actually an integral part of hundreds of industries, including, for the time being, the industry of War. They have enabled our interdependent production system to spread to every crossroads of the land... to tap every possible human and material source.

Given even a minimum of essential manpower and equipment, America's railroads, privately owned and operated, will continue to keep a flood of men and material moving on the Victory route.

"You're giving to me when you give to the Red Cross!"

**E**LEVEN million men in the services—but one alone whose name you never forget—one alone for whom you would do anything, give anything.

Through every dreary day you are buoyed up by thoughts of him. The long lonely nights are a little less lonely when you can read his letters, see his picture upon your bedside table.

And yet there is so little you can do for him. If only you could be sure of helping him when he needs you most.

But you can be sure. For you give to him when you give through your Red Cross.

Wherever he may be stationed... in camp or abroad, in desert, in jungle or icy waste, the Red Cross is at his side. Your Red Cross is there with "coffee and"

when he finishes a long exhausting march.

Your Red Cross is there when he is lonely and lost in some strange city on leave.

Your Red Cross provides hostels, canteens, "a bed with clean sheets," cheer, comfort and companionship for him no matter where he may be.

Well or wounded, your Red Cross is at his side. The blood you gave goes to him, thanks to your Red Cross. His convalescence is made easy with books and games and gifts from a Red Cross worker.

If he is a prisoner of war, your Red Cross will, to the utmost of its power, get your letters in to him, get his letters out to you, and straight from your heart, the Red Cross will send him real American food, cigarettes and tobacco.

Wherever he is—wherever he may go—he will never be out of your reach. For you give to him when you give through the Red Cross.

Of course, you have given before. Of course, you will give again.

But this year when the need is greater than ever... when it's your own men we serve... This year dig deeper than you have ever dug before and be glad that you can. For wherever he is
